Pre-Conference Workshop

Pain in Childhood

This year the Pain in Childhood Pre-Conference Workshop has evolved to a full day programme. The morning session will focus on complex and chronic pain. The afternoon session will cover acute and procedural pain. We are excited to be able to conclude the day with a 90min workshop by local procedural hypnosis expert Dr Allan Cyna. It will be a stimulating day for experienced practitioners as well as those new to paediatric pain.

A Pain in Childhood SIG dinner follows the workshop, all are encouraged to attend!
